

Clicker Training Introductory Clinic Coming to Central Arkansas

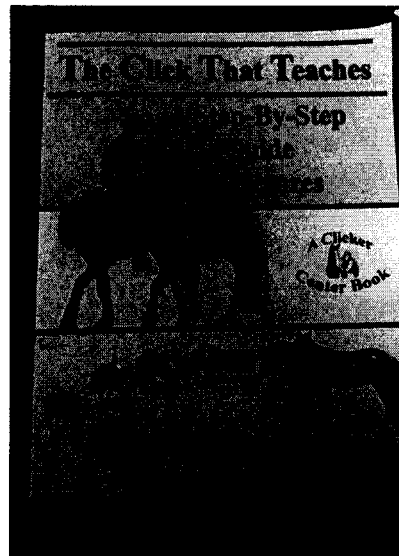

Have you ever heard or wondered about clicker training for horses?

If so, this may be your chance to check it out.

Let your horse discover that training with you is much more fun than being in the pasture with his buddies. Clicker training is communication between horse and rider/handler. Discover the "science behind behavior change and training." Help your horse develop physical and emotional balance for performance, overcome fear and reactivity. Build a cooperative relationship with your horse. Explore "positive reinforcement", the "next level" in horsemanship.

This is an introductory clinic and demonstration in Central Arkansas. The clinic will be taught by Cindy Martin, Certified Training Partner of the Karen Pryor Academy, and a coach for Alexandra Kurland's online course in Clicker Training for horses.

Cindy will be in Sherwood, AR on November 18-19, 2017. The first day of the clinic will be an introduction and demonstration of clicker training. A second day is offered for those who want to know more. The cost of the clinic is 50.00 per day without a horse, 125.00 per day if you choose to bring your horse. Attend Saturday only or Saturday and Sunday. There will be demos in the barn and arena, and classroom activities. If you have never done clicker training, no need to bring your horse. This is a great opportunity to learn. All riding disciplines welcome!!

For more information and to register for the clinic, call:

Sandra Thompson at 512-466-4457
